Special Features

98 kW (131 HP) Engine | 4.57 m (15 feet) Grain Header | Rotary Screen Auto Cleaning | Double Cascading Sieve System
Spring Loaded Belts | 29 Speed Cleaning Fan Variator | Rotary Separator | Shock Absorber Accumulator

THE BEST CHOICE

Specifications*

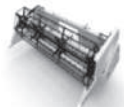

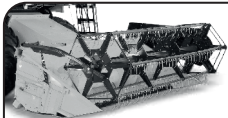

Engine	Ashok Leyland 6 Cylinder, 98kW (131 HP), Turbo Charged, Trem IV, CRDI Engine
Radiator Dust Protection system	Rotary Air Screen
Cutterbar Width	4.6 m (15 Ft.)
Reel Speed	Reel with Auto [#] Variator, Speed Adjustment from Platform/Cabin
Threshing Drum	Rasp Bar & Spike Tooth Type*, Speed Adjustment with Auto [#] Variator
Thresher Width/Diameter	1.3 m/0.6 m
Separation System	Rotary Separator + 5 Straw Walkers
Cleaning System	Double Cascading Sieve System, Blower Fan with Variator
Grain Tank Capacity	3000 L
Number of Gears	4 Forward + 1 Reverse
Tyre Size	Front 18.4x30 inch (0.46 m x 0.76 m) Rear 9x16 inch (0.23 m x 0.40 m)
Cabin	AC Cabin
Maize Header	Maize Master 6 & 7 Row Header [^] (Optional)

L = Litre, m = metre

* Specifications subject to change as per variant and model year.

Fuel saving of 10-15%

Fully trained engineers and worldwide experience on CRDI technology engine

 <p>98 kW (131 HP) Engine Fuel Efficient</p>	 <p>4.6 m (15 ft) Grain Header: More Coverage</p>	 <p>29 Speed Blower Fan- Multicrop Capability</p>
 <p>Multicrop Reel Speed option</p>	 <p>Rotary Air Screen – Less Maintenance</p>	 <p>Double Cascading Sieves – More Cleaning Area</p>

Additional kits available for Sunflower, Pulses, Lodged Conditions etc.
[^]Blue Series OEM Equipment . [#]Auto Electrical Variator.

CAPABILITY TO HARVEST MULTI CROPS – YEAR AROUND
